

Citrix Virtual Workspaces

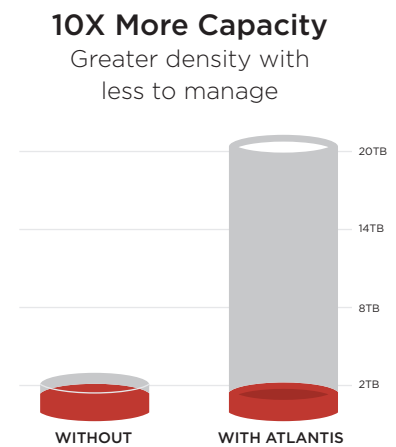

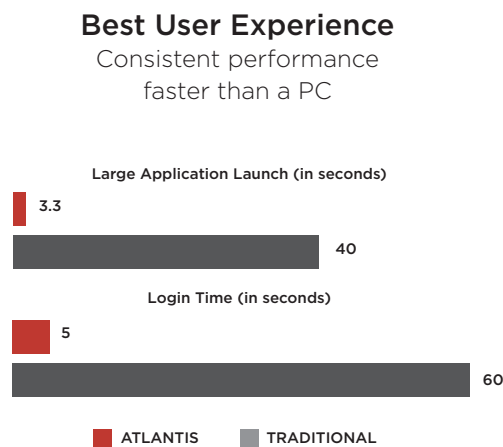

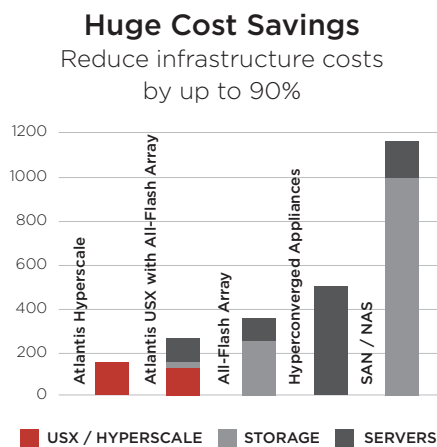

SOLUTION BRIEF

THE FASTEST CITRIX VIRTUAL WORKSPACE

DELIVER WITH SIMPLICITY ON ANY INFRASTRUCTURE AT THE LOWEST COSTS

Atlantis Computing delivers the agility, simplicity, best user experience, and low cost that is missing from virtual workspace infrastructures. Atlantis provides the flexibility to optimize performance and increase existing capacity on any mix of hardware, local and shared storage, or to transition to more efficient hyperconverged and public cloud architectures through a single platform. Atlantis solutions effectively reduce costs by lowering data center infrastructure requirements and eliminating the need to ever buy shared storage hardware again. Atlantis removes the complexities of virtual workspace infrastructure deployment and administration with a unified workspace management stack that provides greater visibility and is streamlined for rapid delivery with faster time to value.

THE ATLANTIS DIFFERENCE

AGILE INFRASTRUCTURE

ANY HARDWARE. ANY ARCHITECTURE. ONE PLATFORM

Extend the life of existing infrastructure

- Use Atlantis USX to add performance and capacity.
- Save money and never buy SAN again.

Create custom tailored HCI

- Use Atlantis USX with existing server platform.
- Low risk transition of your data center to HCI.

Deliver turnkey HCI

- Deploy Atlantis HyperScale in less than an hour.
- Simplest and least risky way to implement virtual workspace.

Expand to the cloud on one cohesive platform

- Use elastic capacity of public cloud services.
- Handle any peak load without overinvesting in local resources.

More Than
1,000,000+
DESKTOPS DELIVERED
WITH ATLANTIS

BEST OF **CITRIX Synergy '16**

Winner Award
Desktop and Application Delivery Storage, Networking and Infrastructure

ATLANTIS HYPERSCALE

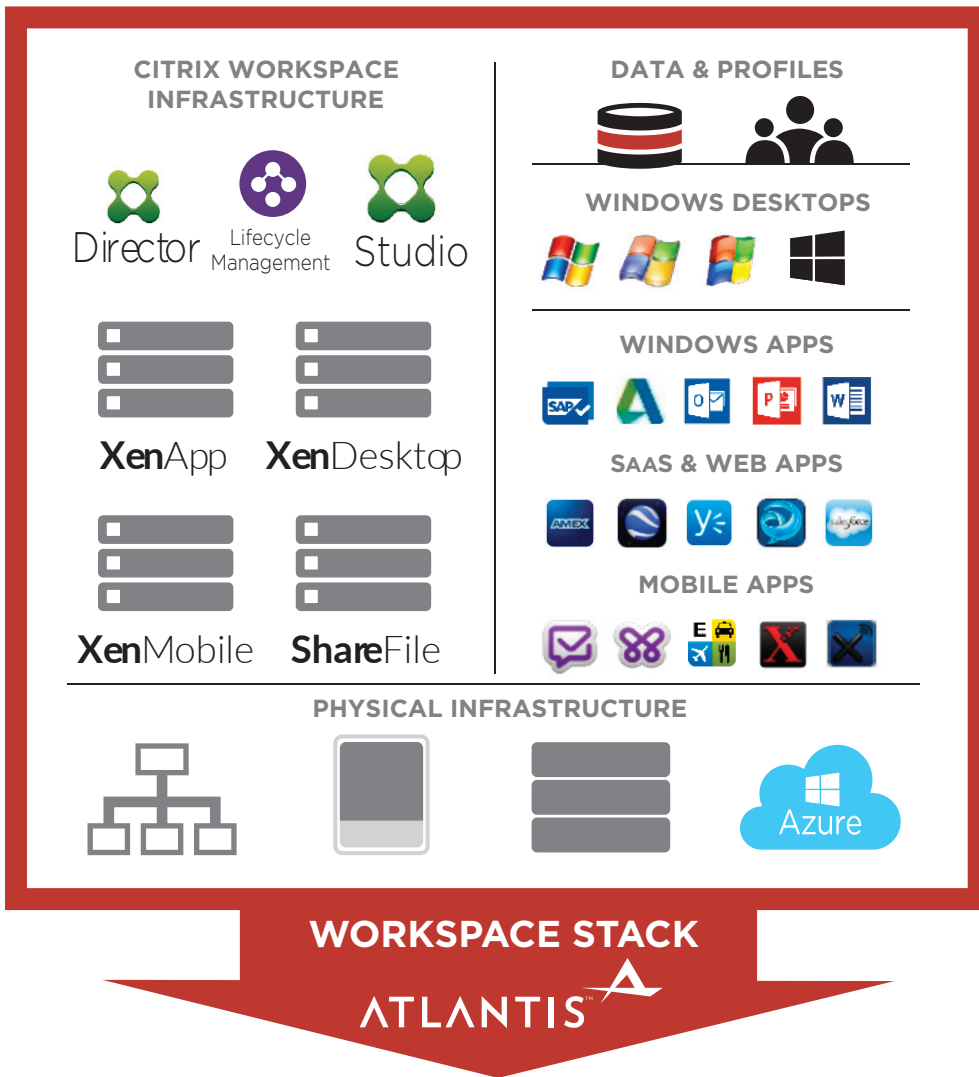

BEST OF **CITRIX Synergy '16**

Winner Award
Desktop and Application Delivery

ATLANTIS USX

CITRIX INTEGRATED WORKSPACE STACK

**CITRIX®
READY**

- SEAMLESS ORCHESTRATION
- END-TO-END MONITORING
- SIMPLIFIED ADMINISTRATION
- UNIFIED INFRASTRUCTURE
- ANALYTICS BASED MANAGEMENT
- ON-DEMAND PROVISIONING
- ENTERPRISE DATA SERVICES
- MODULAR SCALING

“Mid-sized and large enterprises often have complex infrastructure deployments that can be challenging to protect and manage from end-to-end. The integration that Atlantis has done with Citrix provides on-demand delivery of virtual workspaces that will be easy to adopt and deploy anywhere, even in public clouds.”

— CALVIN HSU, VP OF PRODUCT MARKETING, WORKSPACE SERVICES AT CITRIX

Finance

- Faster transactions with selling/trading
- Provide agility to market dynamics
- Minimize downtime with shorter maintenance windows

Government

- Save millions on hardware CAPEX while delivering a superior user experience
- Deliver more central managed desktops for less than physical PCs
- Unify storage infrastructure with any hardware and architecture

Health Care

- Faster access to patient information and reports
- Increase patients per day with quicker patient care
- Eliminate long login times for greater productivity

Manufacturing

- Scale quickly without wasting resources
- Deliver rich desktop experiences faster than PCs
- Lower risk with increased availability

Education

- Provide greater access to education
- Deliver more applications & data
- Spend less while increasing productivity
